CANNON ADVISES ILLINOIS PRESS

OF GLORIOUS RECORD OF REPUB-
LICAN PARTY.

LAUDS PAYNE TARIFF LAW

As Best Revenue Producer and Most
Scientific Adjustment of Protec-
tive Duties—Tart Sends
Message.

[SPECIAL TO THE GAZETTE.]

Springfield, Ill., Mar. 15.—Illinois Re-
publican editors in session in the sen-
ate chamber of the state capitol today
received a telegram from President
Taft and letters from Speaker Cannon
and Senator Cullom. The occasion was
a meeting of the Republican Editorial
association of the state, but invitations
had been issued to all Republican edi-
tors, whether members of the associa-
tion or not, and the result was a large
attendance.

President Taft's Message.
President Taft's telegram to the edi-
tors was as follows:

"The president's telegram follows:
March 14, 1910. George C. Cannon,
Esq., President Illinois Republican
Editorial Association, Springfield, Ill.—
Sincerely hope that you will have a
full meeting; that there will be har-
mony and that the Republican editors
of Illinois will stand by the action of
the Republican congress and Republi-
can administration in reference to
the tariff bill and other progressive
legislation. The expression of a meet-
ing like the one you have called, arising
from a normal, sane and patriotic
Republican attitude, will have much
influence for good in Illinois and the
rest of the country.

WILLIAM H. TAFT.
Speaker Cannon's letter was charac-
teristic of the venerable statesman. It
was as follows:

SPEAKER'S ROOM,
House of Representatives,
Washington, D. C.,
March 9, 1910.

Dear Mr. Rankin:
I have your favor of the 8th instant,
informing me that there will be a
meeting of the Illinois Republican
Editorial association at Springfield,
March 15, and inviting me to give you
a word of encouragement and sugges-
tion.

I thank you for the courtesy, but I
feel that there is no occasion for me
either to advise or encourage the Re-
publican editors of Illinois who have
been a potent factor in the politics of
the state since before the Republican
party was formally organized. If I
am not mistaken, the Republican con-
vention of 1850, at Bloomington, was
presided by the meeting of the Anti-
Nebraska editors at Decatur, and it
was that little gathering, called to pro-
mote the great convention, that laid
the foundation of the Republican party
as a force in the politics of Illinois.

Since that time, through more than
half a century of most remarkable
history, the Republican editors of Illi-
nois have been the most forceful ad-
vocates of the policies of Lincoln
which were formulated to a large ex-
tent at the Decatur meeting, attended
by Lincoln not as an editor, but as one
deeply interested in the questions at
issue. The party then organized has
so interwoven its history with the
history of civilization in the last half
century, that it is difficult to distin-
guish as to what is from the Republi-
can party, what is from our Ameri-
can idea of government, and what is
simply modern political development
in our civilization; for the policies of
the Republican party have been writ-
ten into the legislation of the coun-
try and even into the fundamental law
of the land, and have largely inspired
the formulation of the policies of mod-
ern civilization.

I suppose there are few of the edi-
tors living who met at Decatur in
1850, but the younger men who have
taken their places have a glorious
heritage to inspire them with visions
of a glorious future, for the party of
Lincoln has greater reason to hold
fast to the policies of Lincoln than
any other political party in this coun-
try ever had to hold fast to the ten-
ets which it first adopted.

Under these policies have been
worked out the moral and material
regeneration of the United States. There
has been development under each Re-
publican administration from Lincoln
to Taft, and while now there of legis-
lation and administration have from
time to time been adopted, they are
all for the development of the car-
dinal principles of the party, and need
not be the phenomenal progress
of the people under these policies.
The Republican party has not dis-
carded any of its principles, nor has
it sought new issues simply for the
purpose of catching the crowd ever
ready for novelties. Where it has
added new plank to its platform, it
has kept its pledges. That it is now
working out into law the pledges of
the last National Republican conven-
tion is not, therefore, surprising. It
was expected, for that convention
voiced the will of the majority of the
American people. President Taft and
the first pledge in this platform the
day after his inauguration, by calling
the Sixty-first congress in extraor-
dinary session to revise the tariff, and
the Republican majorities in house
and senate, cooperating with the pre-
sident, placed the Payne tariff law of
the statute books August 5, or with-

less than five months from the begin-
ning of the session.

Within six months after its enact-
ment that law has demonstrated that
it is the best revenue producer, as
well as the most scientific adjustment
of protective duties we have ever had
fully justifying the president's decla-
ration that it is the best tariff law
ever enacted. The Republican party
did not promise a free-trade tariff, nor
a downward revision, but a revision in
which should be recognized the prin-
ciples of protection, with the min-
imum and maximum rates, to preserve
without excessive duties that security
against foreign competition to which
American manufacturers and prod-
ucers are entitled; and also to main-
tain the high standard of living of the
wage earners of this country, who are
the most direct beneficiaries of the
protective system. In carrying out
that pledge of the platform, we en-
acted a tariff in which there were 654
decreases from the Dingley law, 229
increases, and 1,150 items of the duty-
able list unchanged. The articles on
which duties were decreased repre-
sented \$5,000,000,000 worth of com-
sumption, while those increased had
a consumption value of less than \$1-
000,000,000. The increases were on
luxuries and the decrease on neces-
sities, and in the first six months of
the law more than 51 per cent. of all
importations were free of duty, the
largest percentage of free imports we
have ever had under any tariff, not
even excepting the Walker tariff of
1846, which was called a free-trade
tariff. The increase of revenues has
been nearly \$50,000,000 in six months,
making the Payne law the best re-
venue producer we have ever had, and
that is a prime necessity in our in-
creased expenditures for the greater
development of the country.

The Republican party has carried

HON. JOSEPH G. CANNON.

out its tariff pledge in a way to just-
ify the president's pride in that enact-
ment, and it will carry out its pledge
as it has time for discussion and
agreement on the form of the wise
legislation to meet these pledges.

The present congress in regular ses-
sion has been more energetic and
more successful in carrying forward
the work before it than has any other
congress in recent years. More work
has been done in the three months
which the session has now run than
was accomplished in the same time
by the Fifty-ninth congress, which
President Roosevelt said enacted
more wise legislation than any other
congress in the preceding half cen-
tury. The house has already passed
nine of the great supply bills to meet
the obligations of the government,
whereas, on the first of March in the
Fifty-ninth congress the house had
passed but three of these bills, and in
the Sixtieth congress had passed but
four at the same time.

"The house has also passed more
than 200 public bills, and more than
2,000 private bills, which is largely in
excess of the work of the house in
either the Fifty-ninth or Sixtieth con-
gresses at the same date.

Among the public bills passed by
the house is an amended employees' re-
habilitation bill, a statehood bill to admit
Arizona and New Mexico, a bankrupt-
cy bill, a bill to amend the safety ap-
pliance law, a bill to compel railroads
to report accidents, and a bill to cre-
ate a bureau of mines, all important
in carrying forward the pledges of the
party.

The committee have been giving
most careful study to the number of
bills to amend the Interstate com-
merce law, and other legislation prom-
ised in the Republican platform, and
I think I can safely predict that this
legislation will be added, while all the
pledges of the platform will be kept
by the party if it has the continued
support of the people. No party has
ever been able to accomplish all it
promised in one session of congress,
and such an accomplishment has
never been expected.

It is the function of the Republican
editors to keep the people informed
as to the work accomplished, that
they may not be misled by dema-
gogues, whose function is to confound
and create dissension; and the
Republican editors of Illinois can be
of material assistance in presenting
the truth to meet the fact, that the peo-
ple may fairly judge as to the fidelity
of the present administration to the
principles of the party that gave it
power, to the end that the president
may continue to have the support of
the legislative department in work-
ing out the policies of the Republican
party.

Wishing you a pleasant meeting
and one profitable to your constitu-
encies, I am as ever, with respect, etc.,
Yours truly,

(Signed) J. G. CANNON.

Mr. George C. Rankin,
President, Illinois Republican Edi-
torial association, Springfield,
Ill.

THE MANCHURIAN SITUATION AS IT APPEARS TODAY.

MEDIATION URGED IN CONTROVERSY OF RAILROAD MEN

Out the Date and Source of Calling of
Big Strike of Western Firemen
Have Been Decided.

[BY ASSOCIATED PRESS.]

Washington, D. C., March 15.—Medi-
ation under the Erdman act has been
requested in the controversy between
the railroads in Chicago territory and
their firemen and engine-men.
The application for mediation was
made by the railroads. The request
will be granted.

Strike Not Yet Called.
However, the date and source of
the calling of the strike of the firemen
on western railroads was decided up-
on by the Union officials' committee
today and the committee adjourned
until this afternoon without announc-
ing the time when the strike would
be called. President Carter of the
union said that in his opinion the com-
mittee would order a strike regard-
less of the mediation proposal.

Railroads Optimistic.
Railroad officials declared mediation
under the Erdman act would stop,
for the present at least, the proposed
walkout.

Brotherhood Is Voting.

Chicago, Ill., March 15.—At 2:30 p.
m. it was announced from the com-
mittee room that the Brotherhood of
Firemen was voting on the question of
accepting or refusing the offer of fed-
eral mediation.

PALM BEACH MOTOR BOAT RACES BEGIN

Sixth Annual Regatta Opened On Lake
Worth—Grand Prize Is Worth
\$2,500 In Gold.

[SPECIAL TO THE GAZETTE.]

Palm Beach, Fla., March 15.—The
sixth annual regatta of the Palm
Beach Motor Boat association opened
on Lake Worth today, to continue
until Saturday. Motor boat enthusi-
asts are in attendance from every
section of the country and the out-
look is bright for the most successful
regatta of the kind ever held in this
country.

Seven races are to be held, three of
which were provided for in today's
program. The star event of the
week will be the Palm Beach Grand
prix, worth \$2,500 in gold. Other
prominent events will be the races
for the Palm Beach cup, valued at
\$500, for speed boats, and the Asso-
ciation cup, valued at \$500, for Florida
designed and constructed boats.

Prominent among those interested
in the regatta are Henry M. Flagler,
the Standard Oil magnate, William
K. Vanderbilt, Jr., William J. Conner
of Buffalo, N. Y. Bonds of the Royal
Bermuda Yacht Club, and Harrison
B. Moore, former commodore of the
Atlantic Yacht Club.

MINNESOTA'S BOOST FOR CONSERVATION

Archbishop Ireland, Ballinger, Pinch-
ot, James J. Hill, and Others to
Speak at Big Congress.

[SPECIAL TO THE GAZETTE.]

St. Paul, Minn., March 15.—Dele-
gates in large numbers are arriving in
the city to attend the first Minnesota
conservation and agricultural con-
gress. The session will begin to-mor-
row morning and continue through
the remainder of the week. A large
attendance and an imposing array of
eminent speakers combine to give
promise of one of the most notable
gatherings of its kind ever held in the
United States. Prominent among
those who are to address the congress
are Archbishop Ireland, Governor Ed-
ward, James J. Hill, Secretary of the
Interior Ballinger, Clifford Pinchot,
and Dr. Harvey W. Wiley, chief of the
bureau of chemistry of the Depart-
ment of Agriculture.

HOOSIER DEMOCRATS LOOK FOR VICTORY

Members of New State Assembled At
The Capital Are Extremely
Optimistic.

[SPECIAL TO THE GAZETTE.]

Indianapolis, Ind., March 15.—The
members of the Democratic State
Committee of Indiana assembled in the
city to choose the date for the state
convention and to discuss other ar-
rangements for the approaching cam-
paign. Opinions expressed by the
committee and by other party
leaders attending meeting seem to
indicate a general feeling of confi-
dence in a Democratic victory in
Indiana this year.

The coming state convention will
nominate a full ticket, except governor
and lieutenant governor. Governor
Marshall is to serve two more years,
and the lieutenant governor is not
elected this year. A legislature that
will choose the successor to United
States Beveridge, also is to be elected.

The Democratic leaders profess to
believe that the Republicans are "in
bad" not only as regards the State of-
ficers but also the senatorship. That
the Beveridge supporters are some-
what worried over the outlook is not
to be denied. They have decided to
place the Senator before the people as
the man who has stood for the
people's interest. Senator Beveridge
voted against the Payne-Aldrich tariff
bill and his supporters propose to
make capital of this fact no matter
what the stand-patners think of it.
The people of Indiana are strong for
revision downward, and the Republi-
can leaders think Senator Beveridge
had a strong foundation for victory
when he voted against the tariff bill.

But the Republicans will have to
carry the State by from twenty-
five to thirty-five thousands to insure
the election of a majority of the leg-
islature. The task is difficult because
the Democrats have a large number
of holdover members of the senate.
Thomas Taggart will probably be the
most effective force in the election of a
Democratic legislature. It is said
now that Mr. Taggart will devote him-
self almost wholly to this cause. The
Democrats also place great confi-
dence in the work which Governor
Marshall may be able to do.

To all appearances there is greater
harmony among the Democrats at
present than among the Republicans.
In making executive committee and
its appointments almost equally be-
tween out and out Taggart men and
Marshall men. Friends of Governor
Marshall believe he and Taggart will
work well in harmony in the coming
campaign, and that Taggart will be
willing to give his assistance in han-
dling the presidential nomination for the
governor two years hence.

If the Republican platform be de-
voted wholly to questions, as is ad-
vised, the Democrats will win their plat-
form upon a national basis, attacking
the tariff law and Republicanism gen-
erally. If the Republican platform
waives into national question and does
not support the Payne law and Republi-
canism, as construed by Presi-
dent Taft and the majority, then the
President and those with him will
have little sympathy with what is
done. If the platform defends the
tariff law and Republicanism man-
agement of government affairs generally
the Democrats purpose to appeal to
the anti-Aldrich and anti-Cannon sen-
timents that exists in the Republican
ranks.

INTERURBAN CO. GETS EXTENSION AT STOUGHTON

Old Franchise to Cincinnati Construc-
tion Co. Expiring on Thursday,
Is Renewed for Six Months.

[SPECIAL TO THE GAZETTE.]

Stoughton, Wis., March 15.—The
Stoughton common council last night
granted an extension of six months
in the franchise of the Cincinnati Con-
struction company. The old grant
would expire on Thursday. The com-
pany expects to build from Madison
to Janesville this season, beginning
May 1st.

REPORTS FAVORABLY ON BILL TO RAISE WRECK OF MAINE

House Committee on Naval Affairs
Willing to Spend \$500,000 for
Undertaking in Havana
Harbor.

[BY ASSOCIATED PRESS.]

Washington, D. C., March 15.—The
house committee on naval affairs to-
day favorably reported a bill ap-
propriating \$500,000 to raise the wreck
of the battleship "Maine" in Havana
harbor.

SOLUTIONS OF THE FINANCIAL CRISIS

Submitted in Report of Committee of
Associations of British Cham-
bers of Commerce.

[SPECIAL TO THE GAZETTE.]

London, March 15.—At the annual
meeting today of the Association of
British Chambers of Commerce the
most interesting features was the re-
port presented by the Banking and
Currency Committee, embracing a
scheme to avoid a financial crisis and
to prevent a run on the postal sav-
ings banks.

Among other things the report rec-
ommended that the Government
should hold a reserve in cash against
the deposits in the trustee and post-
office savings banks, sufficient to
provide means for meeting any prob-
able sudden demand on the part of deposi-
tors, thus avoiding the necessity, in
such a case, for putting pressure on
the money market in times of diffi-
culty.

The report further recommended
that the Bank of England should is-
sue one-pound notes, under similar
conditions to the notes now issued, so
as to increase the proportion of coin
to securities held in the issue depart-
ment, but with the proviso that such
one-pound notes may be issued, four-
fifths against bullion and one-fifth
against securities, so as to provide for
the expense of issue.

NEW YORK ATHLETIC CLUB INDOOR GAMES

Nearly One Thousand Will Compete
In Events at Madison Square Gard-
en This Evening.

[SPECIAL TO THE GAZETTE.]

New York, March 15.—The annual
indoor games of the New York Ath-
letic Club, to be held in Madison
Square Garden tonight, attracted to
this city today nearly a thousand
athletes representing all of the leading
athletic clubs of the East. Interest-
ing competitions in the various events
are assured. Yale, Harvard, Princeton,
Pennsylvania, Cornell, Dart-
mouth, Princeton, Columbia and other
big colleges will be represented in the
relay races. Another feature of the
program that is attracting much at-
tention is the special invitation run of
one mile and a half between George
Bonham and John Taft, the Canadian
record-holder.

CO-EMPLOYEE LAW OF WISCONSIN CONSTITUTIONAL

Upheld Today by the State Supreme
Court—No Decision Yet in Pri-
mary Election Test Case.

[SPECIAL TO THE GAZETTE.]

Madison, Wis., March 15.—The con-
stitutionality of the Wisconsin co-
employee law was upheld today by the
supreme court. Michael Kiley, an em-
ployee on the section of the Milwau-
kee railroad, through another work-
man's negligence, was injured. The
lower court gave Kiley two thousand
dollars' damages.

Today's decision, however, exempts
shop and office employees from the
operation of the law.

The court, contrary to expectation,
did not decide the primary election
law test case.

Other Decisions.
No. 48 is affirmed; State 5 is af-
firmed; 69 is affirmed. (In 48, the
court re-affirmed a former decision,
upholding the validity of the coem-
ployee law.

Barker for Governor.
Senator Barker will announce his
candidacy for governor on county
option platform Thursday.

For Better Health.
One heroic cure for dyspepsia is to eat only when really hungry. As an experienced doctor says: "No man ever died of starvation without being hungry." If the appetite does not return stimulate it by active exercise. Babies sometimes suffer from too much attention, too much dressing, too much feeding and sometimes too much medicine.

Inconstant Cat.
An angora cat belonging to a Massachusetts woman took up its abode with the pig last fall and slept every night on the pig's back up to a few weeks ago, when the pig was killed. The cat mourned the loss of its friend for a day or two until it discovered the horse stall. Now every chance the cat gets it sleeps on the back of the horse.

SEE FINISH OF THE BIG STRIKE

STRIKE LEADERS AND RAPID TRANSIT OFFICIALS HOLD PEACE MEETING.

RESULT NOT MADE PUBLIC

Young Man Brings About Conference Between Warring Factions—Union Men Claim Complete Victory—Further Conciliatory Moves Probable.

Philadelphia, Mar. 15.—The first step taken by the Philadelphia Rapid Transit Company toward settling the dispute with its striking employees, and incidentally the ending of the sympathetic strike which has now been in progress for ten days, was taken when President Kruger of the Rapid Transit Company conferred with W. D. Mahon, president of the Amalgamated Association of Street and Electric Railway Employees. The conference was the result of outside influences, and it is the first time officials of the company have dealt directly with any national officer of the street car men's union.

Young Man Arranges Meeting. While powerful interests have been at work to bring about a peace pact a young man named Edward Lower Stokes, who has not previously appeared in the matter, accomplished what was an impossibility. He brought the striking car men and the managers of the general strike into direct conference with the very traction men who had often declared that they had nothing to arbitrate; no quarrel to settle.

The meeting took place in the office of George H. Earle, Jr., director of the traction company for the city of Philadelphia. Two weeks ago Mr. Earle put the padlock on the strike situation by daily refusing to consider arbitration of any sort. He was the last man to whom was looked for peace measures. However he has entered into negotiations with the committee of ten in charge of the general strike, and in order that the striking car men might have direct representation, W. D. Mahon, president of the International Federation of Street Railway Employees, was brought into the conference.

None of the men present at the conference would talk when the meeting broke up, but they stated that the meeting had been harmonious and the door was left open to further conciliation.

DISMISSES VALLEY PAPER BID.

Justice Wright Ends Controversy Between Congress and Court.

Washington, Mar. 15.—Justice Wright dismissed the action brought by the Valley Paper Company, of Holyoke, Mass., against the joint printing committee of congress on the grounds that the paper company's bid was illegal in form and did not comply with the regulations set forth by the committee. This puts an end to the case which brought about a controversy over the jurisdiction of the court over members of congress.

CHARGE THREE WITH REBATING.

Prominent Railroad Men Are Held for Violating Elkins Law.

New York, Mar. 15.—Three more men were arraigned for trial in the criminal branch of the United States circuit court under indictment for violating the Elkins anti-rebate law. They were David O. Ives, William C. Maxwell and Frederick C. Preiser. Each pleaded not guilty and was held in \$3,000 bonds.

Ives was formerly traffic manager of the Wabash railroad. That position is now held by Maxwell. Preiser is foreign freight agent for the line.

New Jersey Judge Signs Order for Their Production.

Trenton, N. J., Mar. 15.—Justice Swayne of the New Jersey supreme court announced that he will sign the order sought by Prosecutor Garven compelling the National Packing Company and the other large Chicago meat concerns to produce their books before the Hudson county grand jury.

"TEDDY" HAILED LIKE A HERO

ROOSEVELT DEEPLY TOUCHED BY CORDIALITY OF PEOPLE OF KHARTUM.

PUTS IN DAY SIGHTSEEING

Under Personal Charge of Gen. Wingate, Former President and His Party Are Shown the Points of Interest at Khartum.

Khartum, Mar. 15.—Suffering no ill effects from the fierce storm encountered on his passing down the Nile, Col. Theodore Roosevelt was out early today, fully prepared for the round of entertainment which the people of this city had in store for him.

Mr. Roosevelt was very much touched by the cordiality of the people and the enthusiasm with which he is greeted whenever he makes his appearance in public.

Sees the Sights.

Today was given over to viewing the points of interest in this historic old place. Mr. Roosevelt showed particular interest in everything connected with life in this city of the British martyr soldier, Gen. Gordon.

Gen. Wingate took personal charge of the distinguished visitor and explained to him the many places of interest. The two men have many things in common. They have worked at the profession of arms, they have written books and have hunted big game. Visits were paid to the Gordon Memorial college and other noted institutions.

This evening there is to be a big dinner at the palace. The heads of the governmental departments and their wives will meet the Americans. The guests will include the British, French, Italian, American, and

the writer who "has" so vividly described the massacres in the Sudan. Will Visit Omdurman.

Tomorrow morning Mr. Roosevelt will visit Omdurman. The hills of Kerret, seven miles from Omdurman, mark the site of the great battle of Omdurman on September 2, 1898, when the khalf's army was annihilated and the rule of the khalf brought to an end. He will inspect the khalf's house and meet the local celebrities.

In the afternoon a game has been arranged for his benefit at the Gymnasium grounds and after that he will visit the American mission. In the evening he will be the guest of the Khartum club at a dinner at which covers will be laid for 60.

Thursday is a free day, but it is probable that the ex-president will attend the Masonic lodge before his departure and witness the Sudanese drill. Col. Roosevelt and his family will leave here by special train on Thursday night to visit Assuan, Luxor and Edfu, on the way to Cairo. His visit here will be of an entirely official character. He will enter Europe either by way of Naples or Brindisi.

Propose Roosevelt for Leader.

New York, Mar. 15.—Roosevelt as party leader in New York and national penumbrance is predicted by state politicians openly. With the departure of Senator Elihu Root for Washington to inform President Taft of the result of his conferences with State Chairman Woodruff and the local Republican leaders on Woodruff's retirement from the chairmanship a political situation arises which bears directly not only on the state campaign next fall, but on the national campaign of 1912.

Opposition to Hughes Must Stop.

Through Senator Root the administration has made it clear to those in the party's leadership in this state that New York must not be lost in the gubernatorial elections, as such a defeat would endanger the party's success two years later. To this end Senator Root, informed, Chairman

Woodruff that the opposition to Gov. Hughes and his measures must cease and the suggestion is said to have been made delicately that federal power would be used to thwart such opposition if it continued.

EX-BANKER WALSH IS SICK.

Suffers from Heart Trouble in Cell at Leavenworth Prison.

St. Louis, Mo., Mar. 15.—John R. Walsh of Chicago, who is in the federal prison at Leavenworth, Kan., is suffering severely from heart trouble and his health has not been good at any time since he entered the prison, according to Warden R. W. McCloughry, who is here. Walsh is employed in the identification bureau at the prison for such work as he can do, but Warden McCloughry said his health does not permit him to do much.

Powder Explodes, Two Burned.

Kenosha, Wis., Mar. 15.—Two men were terribly burned and a \$10,000 powder mill was destroyed in an explosion at the plant of the Larkin Powder Company at Pleasant Prairie. Frank Smith, the chief engineer of the plant and the son of the superintendent was terribly burned and may die.

EFFORT TO FREE A NEW YORK BANKER

Attorney Littleton is Soon to Begin Great Legal Battle For Release of Charles Morse From Prison.

[SPECIAL TO THE GAZETTE.]

Atlanta, Ga., March 15.—It was learned today that Martin W. Littleton, the New York attorney, is expected here within a day or two to begin the great legal battle for the release of Charles W. Morse, the New York banker, now undergoing sentence in the Federal prison in Atlanta. It is expected that action in behalf of Morse will be instituted in the Federal courts here, though just what legal steps will be taken has not been made known. Mr. Morse is reported to be in good health and spirits. Since his arrival at the prison he has been visited at regular intervals by Mrs. Morse and by W. P. Reid, his close personal friend and business associate. Several leaders of the Atlanta bar, who are expected to assist Mr. Littleton in the court proceedings, have also been in frequent consultation with the former banker.

SESSION OF QUEBEC LEGISLATURE OPENS

[SPECIAL TO THE GAZETTE.]

Quebec March 15.—The session of the Quebec legislature, which con-

vened today and was opened with the customary ceremonies, promises to be a busy and interesting one. Among the matters of international interest and importance is the expected ratification of the order prohibiting the exportation of pulp wood. The order is to become operative September 1.

Prominent Moorish Statesmen.

Denafus, the representative of Mulai Hadd, the sultan of Morocco, in the Mannesmann affair in Berlin, is described as a handsome, dark skinned, black bearded, bright eyed man of middle age. His snow white flowing robes make him a conspicuous figure wherever he goes. Having been asked by people with whom he became acquainted for a portrait, he posed for one, assuming a unique attitude for the purpose. The picture shows him reclining on a divan, with his right hand holding his left naked foot, which rests on the right knee. The picture is in strange contrast with those of his associates in the commercial affairs which brought him to Germany.

Men and Boys.

The boys do lots of things that the grown people frown at, but inwardly applaud. One is when they clap and stomp for a delayed entertainment to begin. The older people are tired of waiting, but don't dare show it.—Athenian Globe.

Telephone Talk

Once in a while we have complaints from telephone users that their calls are not answered as quickly as they would like, and often the complainant says he thinks the operator is busy visiting with somebody and will not answer. Telephone users are prone to think only of their own desires; it doesn't seem to occur to them that calls must be answered in the order they are received and that ALL of our 2000 subscribers CAN call at the same time. Of course they don't all call at the same time, but during the "busy" hours, which range from 8:30 a. m. to noon, an operator often handles 150 calls in an hour, an average of 2½ per minute. You will readily see that there is no time for visiting. Last Tuesday we made a count of the number of calls answered from 7:30 a. m. to 8:30 p. m. by our eleven operators and found the sum total was 9,400 calls, 1,117 being from country lines. Nor were there 11 operators on at all time. 7 hours during the busiest times 11 operators are on duty, 6 hours there are 7 operators and for one hour there were 6 operators on duty.

More than one-half of our calls are from people who are non-subscribers and really have no right to use our phones at all. If our subscribers would help us get rid of this vast army of dead-heads we could supply those who pay, with vastly better service. You can do this by persuading your dead-head neighbors to become subscribers themselves. The cost is ridiculously small and the benefits and convenience are great.

WOMAN'S PAGE

The Evening Chit-Chat

By RUTH CAMERON

"I'D GIVE just about anything to have had a real good education," a man of thirty-five said to me the other day. But I know he wouldn't.

Or else at the age of thirty-five he wouldn't put the getting of an education in such a hopelessly past tense.

The idea that education is a thing which must be gotten before the age of twenty or gone without is one of the most foolish fallacies that ever took root in people's brains.

The first twenty or twenty-five years of life are undoubtedly the best years for schooling, but show me the dictionary that says "best" is synonymous with "only."

From one of the Chicago high schools there was graduated a few weeks ago, along with a hundred or so young girls and boys, a woman of thirty-four.

When she had been married nine years and was the mother of three children this woman had the courage to set out to complete the education which at her coming from Germany to this country she had left unfinished.

Besides doing the housework and caring for the children, she took the four years' work in three years, receiving a general average of 90.

During the time, she was left a widow, and she is now planning to spend four more years in study in order to prepare herself to be a teacher and earn the money to educate her children. During this four years she will not only have to attend to her studies and her housework, but will also have to support the children.

When I hear of things like that I wish I were a man so that I could take off my hat to those who do them.

As did my friend of the first paragraph: "This woman might have said, as did my friend of the first paragraph: 'I'd give anything to have had a real good education.'"

But instead of saying it she gave it.

And besides winning her own education she has added to the sum of glorious examples that help disprove the silly idea that schooling and education are things for young people alone.

Not long ago I received a letter from a young girl, asking bravely: "Do you think sixteen is too old to begin to study to go to college if you have only gone as far as the seventh grade in public school?"

I wrote her that I certainly did not think sixteen was too old nor sixty either. I know of a woman who entered college at the age of seventy and planned a program that would take her until she was eighty.

The girl who won the highest honors in my class at college was a girl whom family reverses had forced to go to work as a telephone operator as soon as she graduated from high school.

But she had no intention of giving up her dream of her college career, and ten years later realized it—and found it only the sweeter for the delay.

I wonder if perhaps I'm talking to someone whose dreams of an education have been thwarted as these people's were at first?

And I wonder if, perhaps, these examples won't help him to believe as they did that "Too late" is not a phrase to be used of education.

Mrs. W. R. Harrison.

Massillon, O.—As a reward for her of the Republican candidate for mayor, active and insistent efforts in behalf of the Women's Christian Temperance Union, Mrs. W. R. Harrison of Liberty has been elected one of the delegates from Ohio to the world's convention of the W. C. T. U., to be held at Glasgow, Scotland, next June.

Mrs. Harrison is of the type of woman who believe in active campaigning for the cause of temperance. Some two years ago she took up the cause.

Three Kinds of Lightning.

Three kinds of lightning—sheet, globular and bead—are pointed out by Prof. Elmer Thompson as subjects for the enterprising investigator. Sheet lightning is a momentary glow or flash without sound, usually in a down-pour of rain. In globular lightning the ball may be an inch or a foot or more in diameter; it floats in the air or moves slowly on the ground, and usually disappears in an explosion. In bead lightning the discharge appears as a festoon of oval beads. The phenomenon seems really to occur, but they are rare and mysterious, and have never been explained.

A Skin of Beauty is a Joy Forever

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL DEKAUTIFIER

TOMORROW.

By MARY RUSSELL.

In the far western part of the United States where the traces of old Spain are over all the earth, there is one word which at first interests the now-come and then rouses a feeling of dismay—the word means "tomorrow."

That's the answer if you want anything done. The urgent needs of today are never apparent to the proud descendant of the Aztecs who brings your washing home.

The "Castilian beauty" who, wrapped in a dirty shawl and with her bare feet knotted and grimed, who is supposed to scrub your floors on Monday will smilingly murmur the first word if you urge her to come promptly.

Even the contractors and builders who own to the warm southern land of "pretty soon" their inherited dislike to the present moment, can never be induced to see that a certain day and hour means any more than approximately near that time.

It is the excuse for all delays and the now-come who fails to reckon with this tendency has much to learn

before he is expert enough to figure on certain dates.

We are not a patient people. We dislike delays and yet—no we not given to delays ourselves?

Emerson says: "One of the illusions is that the present hour is not the critical hour; write on your heart that every day is the best day in the year!" or say to you do more than that. Not only today—but now is the best time for the great deed.

Do you think you are not given any great deed to do? Stop and think—to live rightly is great enough for many men or women.

No kind act now. Say the loving word. Write the kindly note. Speak the word of cheer. Tomorrow—why, tomorrow may find you gone out into the Great Awakening!

Build high your ideals and then strive to live up to them. When a dreamer and idealist comes among us we are prone to a contemptuous pity, that the earth owes more to its dreamers than we can ever pay. Were it not for the vision of greatness—the hope of the life to come—the desire to help others upward and onward, we would still be killing our food with a stone and living in the lairs of the wild beast.

The great moment came to one of that hardy of wild men when he knew that to protect another he must be bigger and stronger than the rest of his fellows—thus dawned a soul. This instinct to do for others was the first sign of a higher development.

Time has taken away the need for the battling for daily life in hand-to-hand struggle, but the light goes on in another way. The aim for the best, which was once a savage instinct, is today the interpretation of a divine message. It is the work we do for others that is our great work.

EXPERT ENGINEERS IN SESSION.

American Railway Association Opened Eleventh Annual Meeting To-Day.

Chicago, Mar. 15.—Engineering experts from all parts of the American continent were present to-day at the opening of the first session of the eleventh annual convention of the American Railway Engineering and Maintenance of Way association. The convention is being held in the Congress hotel. Sessions will be held to-morrow and Thursday. The engineers expect this to be the most successful and largest convention ever held by the association. An exhibition of railway appliances will be held in the Coliseum, while the convention is on. William McNab, engineer of the Grand Trunk railroad, Montreal, is president of the association.

WOUNDS FATHER; SHOTS SELF.

Parent and Son Quarrel at Dinner Table—Latter Dying.

Chicago, Mar. 15.—Following a quarrel at the dinner table in their home Albert F. Gebhardt, 38 years old, shot his father, August Gebhardt, and then turned the weapon on himself, and is dying at a hospital with a bullet in his brain.

The strife in the Gebhardt family, according to neighbors and friends, is of long standing. August Gebhardt, the father, is a wealthy retired wagon manufacturer and has had repeated quarrels with members of the family over money matters. Albert Gebhardt, who did the shooting, is a machinist.

Discontent in Idleness.

There is no satisfaction—only misery—in idleness. The woman or man who makes no practical use of leisure hours is almost invariably discontented.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine smells the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of this evil step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Life of a Want Ad.

Some Want Ads seem to live forever and keep pulling inquiries for an indefinite length of time.

One man said today, that he had a reply from a want ad that had been inserted over a year ago.

Another man said today, "They are still coming over to my place to buy that horse I advertised. There must have been 500 in all. I sold it to the first man that called."

There are two distinct points to be gained from the above experiences: Want ads get results, and, if you are going to answer a want ad, do it immediately.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play, and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed, the remedy which internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs and Elixir of Senna—and for the same reason it is the only laxative which should be used by the fathers and mothers.

If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines when medicines are not needed, and when nature requires assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs and Elixir of Senna. As you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of every package. To get its beneficial effects it is necessary to purchase the genuine only. Buy a bottle today to have in the house when needed. KIDNEY OR BLADDER MISERY GOES AND YOUR LAME BACK FEELS FINE

Several doses will regulate your out-of-order kidneys making backache vanish.

Hundreds of folks here are needlessly miserable and worried because of out-of-order kidneys, backache or bladder trouble.

If you will take several doses of Pope's Diuretic all misery from a lame back, rheumatism, painful stitches, inflamed or swollen eyelids, nervous headache, irritability, dizziness, worry, out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Uncontrollable, smarting, frequent urination (especially at night) and all bladder misery ends.

This unusual preparation goes at once to the disordered kidneys, bladder and urinary system, and disintegrates its healing, cleansing and vitalizing influence directly upon the organs

and glands affected, and completes the cure before you realize it.

The moment you suspect any kidney or urinary disorder, or feel rheumatism, backache, head aches, nervous headache, irritability, dizziness, worry, out, sick feeling and other symptoms of overworked or deranged kidneys will vanish.

Only curative results can come from taking Pope's Diuretic, and a few days' treatment means clean, active, healthy kidneys, bladder and urinary organs—and you feel fine.

Accept only Pope's Diuretic—fifty-cent treatment—any drug store—anywhere in the world.
